Algorithm-Based Fault Tolerance at Scale

Hayden Estes,
Dr. Joshua Booth, Department of Computer Science

Overview/Introduction

Overview of the topic, research, or project

Key Findings/Results

A high-level summary of the key findings or results of the project

Impact/Conclusions

Impact of the work on society or the professional community

Explanation/ Conceptual Framework

Explanation of how the research pertains to the field/current knowledge

References (A list of the KEY references, if applicable)
